

Parent Questionnaire 2021

There were 14 respondents to the questionnaire

Question 1

Question 2

In response:

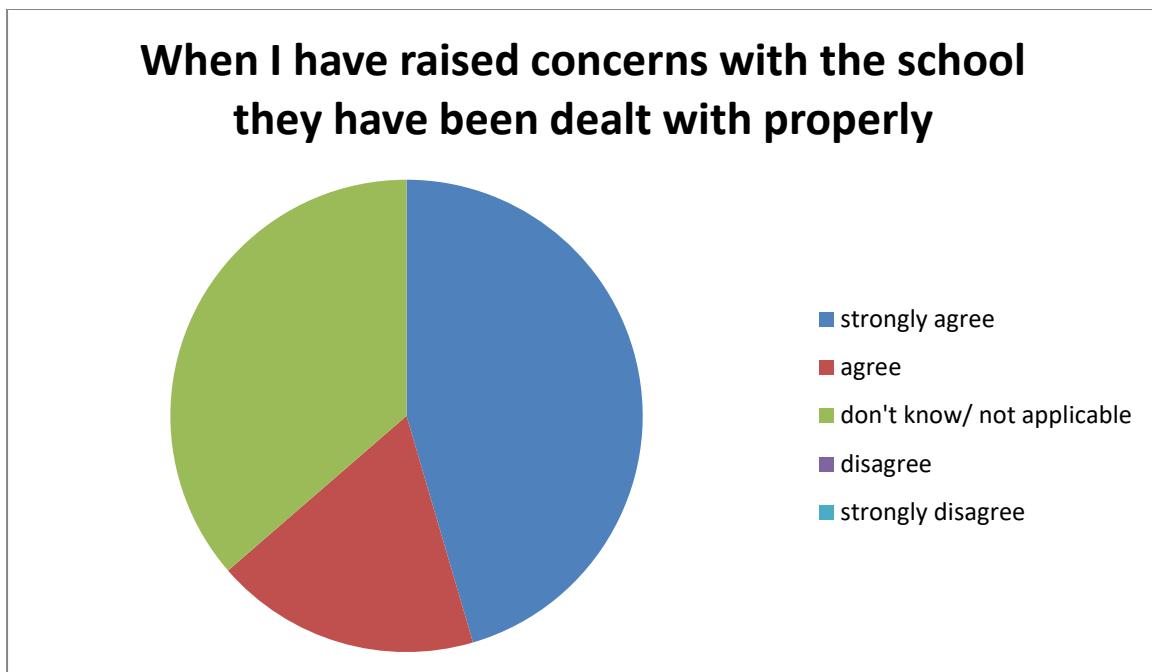

As a school we have implemented protective behaviours and Makaton as a communication tool. We hope that giving children the tools to express how safe they feel will support them to communicate with us if they do feel unsafe

Question 7

Question 8

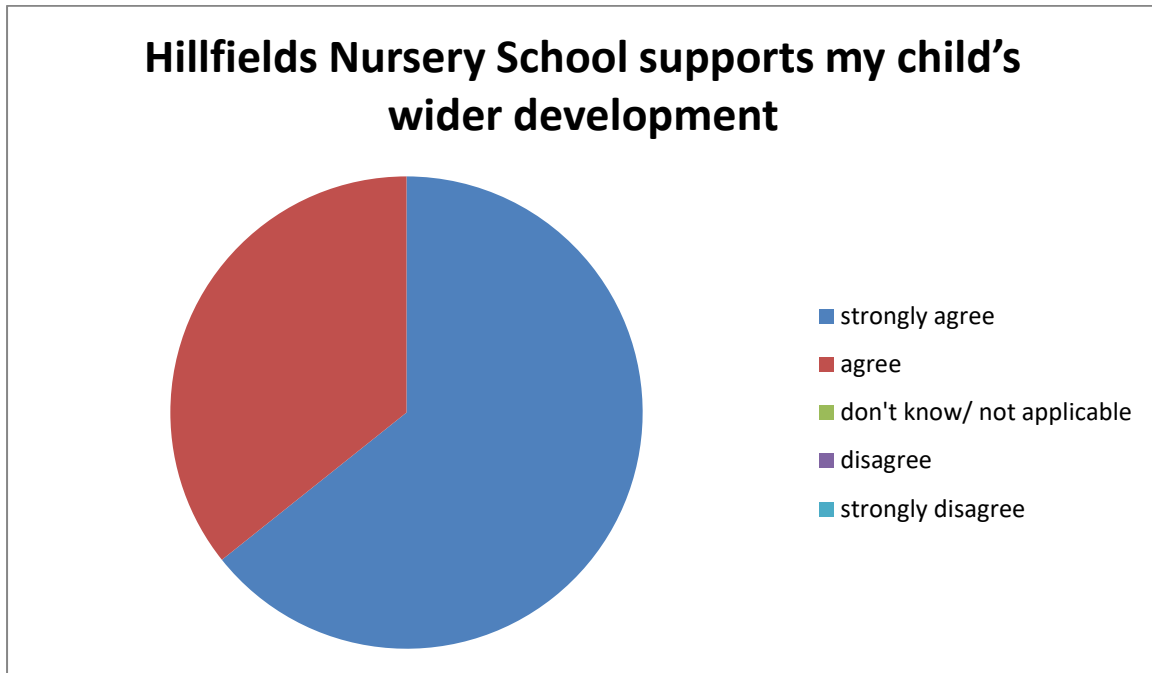

In response:

As a school we tried to address not being able to do our face to face learning reviews, because of our COVID risk assessment, by talking with the parent via phone calls. This clearly was not as successful and an outdoor solution will be implemented if they are unable to go ahead as usual with COVID restrictions in 2021/22. Parents did talk to us as they had found it hard not having the daily interaction with the key person, we set up a system where they would ask if they wanted an update and, once the majority of children were collected, we would put key groups together to make the relevant key person available.
