

Children Missing in Education

This is set out with regard for the government document Children Missing in Education and should be used in conjunction with the school attendance policy

Due to the non-statutory duty of a Maintained Nursery School reporting a Child Missing in Education cannot be reported through the school channels.

- Any child who has not been attending, with no phone call or text, will be raised at Families meeting or before
- Sibling's school will be contacted to ensure we are working together to safeguard children
- A home visit will be carried out
- If this is unsuccessful the child will be reported to the police for a Safe and Well check and the local authority
- If you have completed a holiday request form and have not returned to nursery by the stated return date we will begin our child missing in education procedure
